QUALITY ▫ SERVICE ▫ VALUE = PHOENIX AG+M

Designed to inspire confidence and maximize transparency, Phoenix AG+M Anti-Slip Glass is produced on low-iron glass, laminated with SentryGlas® interlayer. We offer a large variety of anti-slip options in transparent, translucent and opaque formats.

Turn-Key.

Eliminating the need to coordinate multi-component suppliers, Phoenix AG+M works alongside architects and the glazing trade, producing fully-engineered walk-able glass solutions.

- Flooring Systems
- Staircase Systems
- Walkable Skylight Systems

Our systems include the design / engineering (shop drawings and engineering calculations), anti-slip glass & risers, structural supports / stringers, hardware / fittings, guardrails, handrails, etc.)
